

THE BLAIRMORE ENTERPRISE

VOL. XIX, NO. 11.

THE BLAIRMORE ENTERPRISE, THURSDAY, MARCH 15, 1928.

\$2.00 PER ANNUM

TO OPEN C.N.R. DEPOT AT EDMONTON SATURDAY

Arrangements have been completed for the official opening of the new C.N.R. depot at Edmonton on Saturday, March 17th, it is announced by W. A. Brown, general superintendent of the C.N.R., Alberta division. S. J. Hungerford, vice-president in charge of operations; W. A. Kingsland, manager of western lines, and other officials of the company are expected to be present at the time of the opening.

Gordon Spence has been acquitted on the charge of arson in connection with the burning of an elevator at Glenwood.

EASTER SALE

The ladies of the Blairmore United church will hold a sale of fancy work, home cooking, candles, house plants, Easter flowers, etc., in the Elks' hall on Thursday, April 5th.

A fish pond for the kiddies will be operated, and tea will be served during the sale, from 3 to 6 p.m.

Mr. J. Cicconi, who has been ill for some considerable time, will leave by Saturday morning's train for High River, where he will be joined by his cousin who will accompany him on a trip to his old home in Italy, sailing from New York on March 24th. Mr. Cicconi is hoping that his condition will benefit by the change.

CROWS' NEST PASS MOTORS TAKES OVER FERNIE GARAGE

An important deal was consummated last week, whereby the business of the Fernie Motor Car Company, at Fernie, is taken over by the Crows' Nest Pass Motors, of Blairmore.

Mr. L. L. Morgan, general manager of the Crows' Nest Pass Motors, will use the Fernie garage and showrooms for displaying and repairing of cars manufactured by the General Motors of Canada, Ltd., as well as repairs to other makes and oil and gas sales.

Competent officials will be placed in charge of the new acquisition.

DEATH OF EDNA OAKES

The sympathy of the entire community is extended to Mr. and Mrs. Robert Oakes in the severe loss sustained through the death of little Edna, which occurred Wednesday morning of this week.

Edna was but eleven years of age and was a real favorite with everyone, and her sudden death comes as a shock to the community. Death resulted from a weak heart.

Funeral will take place tomorrow afternoon from the family residence.

RECORD PRICE FOR SEAT ON STOCK EXCHANGE

A record high price of \$1000 was paid during the past week for a seat on the Calgary stock exchange, by Solloway Mills & Co. of Toronto. This company plans to open a branch office in Calgary as part of their continent-wide service to investors.

The fourth annual Crows' Nest Pass Sunday School Musical Festival will be held at the opera house here on Easter Monday, Tuesday and Wednesday. The complete programme, which has already been distributed in pamphlet form, will appear in The Enterprise on March 22nd and 29th. Keen interest is being manifested in this year's festival, and entries are being received from all points between Fernie and Macleod.

COWLEY HAPPENINGS

Mr. and Mrs. Sanderman were visitors to Blairmore on Monday and Tuesday.

Quite a number of Cowleyites attended the whist drive and dance held in Lundbreck on Friday night.

Mr. and Mrs. Gordon Woodhead, of Waskada, Manitoba, paid a short business visit to this district this week.

Mrs. Willie Willoughby returned from Blairmore on Tuesday's local, where she had been visiting with her brother, James Gilmore, and family, for a few days.

An epidemic of chicken-pox is prevalent in the district. Strict measures are being taken to prevent the spread of this disease. Dr. Donald made an inspection of the school children on Friday.

Mrs. A. J. Snyder and Mrs. M. A. Murphy returned on Friday's local from Lethbridge, where they attended the conference of District 4 of the Women's Institutes of Alberta. They report a very enjoyable, as well as profitable time.

The first meeting of the council of the Municipal District of Livingstone was held this week. The councillors are: Messrs. James A. McLean, R. Lynch-Staunton, J. S. Hewitt, James Bennett, F. G. Bustard and L. Louchart. Reeve McLean and Deputy Reeve Bennett were re-elected, while H. C. Trist was re-appointed as secretary-treasurer, and M. A. Murphy as auditor. The year's budget was passed and it was found that the council's outlook for a busy year was justified.

SATURDAY WILL BE BUSY ONE IN BLAIRMORE

Saturday next, St. Patrick's Day, promises to be a real live one throughout the Pass. The pay on Saturday will probably be the largest for several years and business people are looking forward to big business over the week end.

Among the events scheduled to mark the St. Patrick's festivities are: a sale of home cooking, etc., in the Lodge Hall during the afternoon, under the auspices of Vimy Chapter, Order of Eastern Star; a grand concert at the opera house at night, under the auspices of St. Anne's Catholic church; and the regular dance same night in the Moose Hall. All these events will be well patronized.

FERNIE DISTRICT VOTES FOR ACCEPTING NEW AGREEMENT

The miners of Fernie, Coal Creek and Michel on March 2nd voted on the new agreement, the vote standing 734 for acceptance, 316 against. There were 27 spoiled ballots.

Several minor points were left to the scale committee to adjust with the company officials and these parties have been in conference several times and it is hoped the agreement will be finally signed in a few days. One of the main points to be settled in the length of time the agreement will run. Five years is suggested.

The result of the vote was very satisfactory and quite decisive, practically assuring continuous work. On previous occasions, when an agreement terminated, Fernie district could always look forward to at least a three-months' strike.

No definite action has been taken in this district as yet, but it is expected a vote on new terms will be equally favorable.

MANITOBA MAY USE ALBERTA TAR SANDS

Large quantities of Alberta tar sands may be used during the coming summer in connection with an extensive program of road building to be undertaken in the province of Manitoba. Representatives of Alberta tar sands companies have been in negotiation with Manitoba authorities for some time, and the plan under consideration involves the erection of a plant at McMurray or some other point adjacent to the deposits, where the tar can be extracted from the sand in order to reduce the cost of transporting this road building material.

JUVENILE HOCKEY BOYS ENTERTAINED

The juvenile hockey team and some of their girl friends were entertained to a chicken supper at the home of Mr. and Mrs. Alex. Morency on Tuesday evening, March 12th.

Manager Alex. Morency addressed the team after supper, expressing the hope that the boys would stay together as a team and do equally as well next year as they have done during the present season, if not better.

Capt. Jimmy Joyce voiced the thanks of the gathering to Mr. and Mrs. Morency, and his remarks were vigorously applauded. Later, singing and dancing were indulged in till midnight.

The guests included: Misses Nellie Royle, Violet Rae, Agnes Kemp, Julia Dutt, Grace Joyce, Lillian Rumsay, Helen Dutt, and Masters James Joyce, Henry Vanduren, Ronald McDonald, Gordon McPhail, Percy Thibodeau, Joe Morency, Henry Thomson, Tom McKay, Louis Lord and John Morency.

Miss Jean Kemp is resigning her position with the general office staff of the West Canadian Collieries, Limited, here, and hopes soon to leave for the Pacific coast.

ALBERTA FISH AND GAME ASSOCIATION TO BE FORMED

Farmers and ranchers are co-operating with fish and game associations, already locally organized, for the purpose of forming an Alberta Fish and Game Association. Among the chief objectives of this provincial association will be the suppression of pests, such as crows, magpies and coyotes; the preparation of recommendations which will advance the fish and game interests in their relation to farmers, ranchers and sportsmen, and the bringing in of new game birds, such as ring-necked pheasants, which will do well in this province.

In this connection, the Calgary Fish and Game Association has already arranged to bring in 1000 pheasant chicks this summer to be set out in the Calgary district. Other associations are taking similar steps and it is indicated that there may be support from the provincial government in this respect.

In order to form a strong Alberta Fish and Game Association, it is desirable that local associations be organized throughout the province and all sportsmen in this district are urged to take an active part in accomplishing this end. Those who are interested, are invited to write to C. A. Hayden, president of the Calgary Fish and Game Association, who is looking after the preliminary work in connection with the forming of the provincial association.

ST. LUKE'S, BLAIRMORE

The only safe way to judge diamonds

Color and perfection rather than size and weight determine the true value of a diamond. Since the untrained eye cannot accurately appraise these qualities, the only safe way to buy diamonds is to depend upon honest, expert judgment. You can rely on our long experience and recognized business standing in the purchase of a really fine diamond or a Gruen Watch.

PILES are quickly Soothed & Healed by Vam-Buk

WORLD HAPPENINGS BRIEFLY, TOLD

Canadian farm lands in occupation in 1927 are valued at an average of \$38 per acre in a Government crop report just issued.

The Winnipeg Presbytery of the United Church has adopted a resolution in favor of the ordination of women to the ministry.

Jules Cesare Joseph Laperre, a Belgian, accused of being a German spy during the Great War, was found guilty at Paris, and sentenced to life imprisonment in a fortress.

The Washington government appears unfavorable to any proposal for another conference of the great powers on naval disarmament before 1931.

Premier Taschereau brought a bill down in the Quebec legislative assembly which would grant municipalities the right to prohibit sign-boards advertising alcoholic liquor.

That the Canadian National Railways would, in the near future, purchase the Western Union Telegraph lines in the Maritime provinces, and add them to their own system, was the report current in Montreal.

Hon. T. M. Wilford, former Minister of Justice and leader of the New Zealand Liberal Party, arrived in Vancouver aboard the liner Aorangi to make a study of Canadian conditions generally.

A. L. Joliffe, chief commissioner of immigration, has left Ottawa for Great Britain to investigate the complaints which have come to the department in regard to the new medical inspection service. Mr. Joliffe will be gone several weeks.

The population of Saskatchewan as at June 1, 1926, was 520,728, an increase in the five-year period from the quinquennial census of 1921, of 63,228, according to the report issued by the Dominion Bureau of Statistics at Ottawa.

Sores Flea Before It—There are many who have been afflicted with sores and have driven them away with Dr. Thomas' Eczema Ointment. All similarly troubled should lose no time in applying this splendid remedy, as there is nothing like it to be had. It is cheap, but its power is in no way expressed by its low price.

U.S. Tariff Against Canadian Cream

Increase Of Fifty Per Cent. May Go Into Effect Soon

"The United States tariff increase of 50 per cent, or perhaps less, against Canadian milk and cream will likely go into effect," said P. C. Armstrong, of Montreal, just back from Washington, where he represented the National Dairy Council of Canada at the United States tariff commission hearing regarding dairy products.

Mr. Armstrong stated that the methods used by the investigators of the commission in making comparative cost studies were not correct as regards Canada, and he was vehement against remarks made by some of the speakers at the hearing to the effect that the standard of living among Canadian farmers was not up to that of the United States farmer.

The Least Excitement Made Her Heart Palpitate and Flutter

Mrs. Ambrose Owen, Elginburg, Ont., writes:—"I suffered for some time with a bad heart which seemed to be controlled by my nerves. The least little excitement would make my heart palpitate, and at times I would have real bad spells. I suffered in this way for some time when, one day, I saw

advised to try them. I had only taken a few boxes when I noticed that I felt better, so I continued taking them and in a short time my heart felt entirely different."

Price 50c. a box at all druggists and dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

W. N. U. 1724

Population Of Saskatchewan

Given As 520,728 As At June 1st, 1926

The population of Saskatchewan as at June 1, 1926, was 520,728, an increase in the five-year period from the quinquennial census of 1921 of 63,228, according to the report issued by the Dominion Bureau of Statistics today. In this total, males exceeded females by 72,134. The rural population of the province was more than double the urban, the figures being 578,300 and 242,532 respectively. The urban population was distributed among seven cities, 80 towns and 360 villages.

Nearly 45 per cent. of the population was born within the province itself, while of the 520,728 persons in Saskatchewan, 624,548 were of British origin. Native-born Canadians comprised 525,372; those from the British Isles 98,041, and from other British possessions, 1,060.

Of the foreign-born citizens, numbering 195,190, or nearly 24 per cent, Russia was the largest contributor with 27,227. Austrians were second with 11,594, and Ukrainians third with 10,607. The province had 8,284 Galicians, 7,356 Germans, 8,240 Norwegians, 7,238 Swedes, and 2,066 Danes. There were 3,158 Asiatics, of whom Chinese furnished 2,719 and Japanese 87.

Illiteracy was greatest among the foreign-born, there being 10.28 of the total over 10 years old without letters; Canadian-born furnished 2.93, and British-born, 2.1.

The Sun Life

More Firmly Established On A Sound Financial Basis Than Ever

One of the most encouraging signs of the times for Canada is the substantial progress that continues to be made by our great banking and insurance institutions. The Sun Life Assurance Company of Canada has done record business during the past year, and its position is today more firmly established upon a sound financial basis than ever before in its history. When Canadians reflect upon the strength and solidity of their banks, and their insurance companies, the desire that these shall always remain Canadian is uppermost. It is indeed in the highest interests of the nation that they should never pass under foreign control. Canada needs capital, but not to be devoted to swallowing up our national identity. —Montreal Star.

Three of the largest plate-glass windows in England are to be replaced along the Oxford Street frontage of Messrs. Peter Robinson, Ltd.

The windows, with two others of smaller size, have been selected with a diamond and in some places the 1/4 in. thick glass was cut completely through.

"It has become necessary to replace the windows," says an official of the Employers' Liability Insurance Corporation.

"Owing to the police regulations the week-end is the only time the work can be done."

"Three of the windows to be fitted are the largest in England, each having a dimension of about 21 feet by 10 feet, and have had to be specially manufactured at a rough cost of £100 a pane."

LESSON No. 19
Question: Why is emulsified cod-liver-oil so wonderful a food-tonic for young girls and women?
Answer: Because it abounds in nourishing factors that are particularly beneficial to people prone to anemia and other conditions due to malnutrition.
Keep your system vitamin-nourished—take
SCOTT'S EMULSION

Invention Of Canadian

Control Device For Airplanes Declared To Be "Real Proof"

A variable pitch propeller, which is to an aeroplane what a gear shift is to the automobile, will be introduced to commercial aviation in the U.S. this year if the plans of W. R. Turnbull, Canadian inventor, are successful. Mr. Turnbull, who lives in Rosneath, N.B., but who is staying at East Orange, N.J., talked to New York papers.

The device has been tested thoroughly by the Royal Canadian Air Force, he said.

Mr. Turnbull is negotiating with New York manufacturers for the national rights to his invention which is covered by patents and patent applications.

His method of varying the pitch of a propeller is to control the necessary gears by a small electric motor and a hand switch which makes the device "fool proof."

Turnbull, who has been working on his propeller twelve years, said the pitch could be changed from positive angles to negative angles so that the motor actually would back up, a feature of great value on airplanes. Mr. Turnbull says his propeller will add 70 to 100 per cent. to the climb of an aeroplane, thereby making it possible for commercial planes to carry less fuel and more payload, with greater safety and save 20 to 25 per cent. in fuel in long flights.

Diamond Cuts Were Costly

Replacing Three Large Glass Windows Cost \$10,000

Three of the largest plate-glass windows in England are to be replaced along the Oxford Street frontage of Messrs. Peter Robinson, Ltd.

The windows, with two others of smaller size, have been selected with a diamond and in some places the 1/4 in. thick glass was cut completely through.

"It has become necessary to replace the windows," says an official of the Employers' Liability Insurance Corporation.

"Owing to the police regulations the week-end is the only time the work can be done."

"Three of the windows to be fitted are the largest in England, each having a dimension of about 21 feet by 10 feet, and have had to be specially manufactured at a rough cost of £100 a pane."

Pres. Coolidge May Visit Canada

Possibility That United States President May Be In Ottawa This Summer

The statement contained in a United States magazine that President Coolidge may visit Ottawa this summer as a return courtesy for the visit of the Governor-General to Washington last fall, has aroused considerable speculation in Ottawa; says the Journal, in a news page story. It states that the president may be the cornerstone of the United States Legation in Ottawa. It adds: "There has been no announcement from Washington concerning the president's plans, but it is believed in Ottawa that if he visits the Canadian capital, he will come during the summer."

"Only one president of the United States has visited Canada during his term of office," Warren G. Harding, it will be recalled, stopped at Vancouver shortly before his death."

Aviators Helped Motorists

Unusual Story Vouched For By Two St. Paul Men

If your automobile stalls, half a second to pull you out. That's what two Wisconsin men did. The story is vouched for by Gene Shank and Paul Tourtellotte, of St. Paul.

Dr. S. H. Holman and S. J. Fillman, of Plum City, Wis., were crossing the ice on Lake Pepin, near Stockholm, Wis., when their automobile broke through at a shallow place.

A short time later a plane, carrying the two airmen, passed overhead. The aviators were attracted by the two men waving their arms and the plane's engine.

The aviators obligingly hooked up a chain from the plane's tail and to the automobile and pulled the machine out. They hopped off again and related their story when they arrived at St. Paul.

Recipes For This Week

(By Betty Barclay)

WINTER CHOCOPUD

2 cups milk.
6 tablespoons cornstarch.
1/2 cup sugar.
1 1/2 squares chocolate.
1/2 teaspoon vanilla.
1/2 teaspoon salt.
Mix dry ingredients, make into thin smooth paste with a little milk. Add to heated milk in top of double boiler. Add melted chocolate. Stir to prevent lumps. Cook 20 minutes. Add vanilla and pour into molds rinsed in cold water. Chill, serve with cream or whipped cream.

PUFF-BALLS

1 egg white.
4 oranges.
1/2 cup powdered sugar.

Peel small oranges, removing white membrane with outer skin. Beat egg white, slightly, using wire whisk; add sugar, gradually, and continue beating until meringue is stiff and will hold its shape. Thrust a long slender wire skewer through the centre of each orange; frost them completely with the meringue, and suspend them, by the skewers, across a narrow pan, and bake twelve minutes in a slow oven, being careful not to let them brown. Twist skewers gently to remove them. These oranges make a pretty dessert or supper dish.

Testing Paper With Radio

Latest Use Was Accidentally Discovered By Radio Fan

One of the latest uses for radio is the testing of manufactured paper, it was disclosed at the annual paper and pulp convention held in New York.

A radio apparatus on paper machines, W. D. Somerville of Bangor, Me., explained, is used in his mills to test both weight and amount of moisture in the paper.

The instrument was evolved from an accidental discovery made by a radio fan who, in using paper to throw his set out of tune, learned that the thickness of paper and the amount of moisture had varying effects on his dial.

Art Is Dying Out

Cork cutting by hand is an art which is fast dying out, and only one hand cork-cutter, it is claimed, now ply his trade in London. He has been cork-cutting for just over sixty years. When a press reporter visited him he picked up a chopper the size of a meat axe and with it peeled a piece of cork as fine as an apple rind. "It is as easy as cutting butter," he said. He showed the reporter a picture which he had made, in cork, of Arundel Castle, Sussex.

Not more than seventy-five years ago a New England city passed an ordinance making it unlawful to use a bathtub without a doctor's prescription.

SUNDAY SCHOOL LESSON

MARCH 13

JESUS TEACHES SINCERITY

Golden Text: "Keep thy heart with all diligence; For out of it is the issue of life."—Proverbs 4:23.
Lesson: Mark 7:1-23.
Devotional Reading: Psalm 24:1-4.

Explanations and Comments

I. The Tradition Of The Elders Violated By The Disciples, verses 1-5.—Certain Pharisees and Scribes had come from Jerusalem for the express purpose, no doubt, of obtaining evidence which they could use against Jesus. They noted that the disciples ate food without first washing their hands, and one day they gathered about Jesus and asked him how it was that he failed to follow the tradition of the elders, for they ate with hands defiled, ceremoniously washed.

For the benefit of his Gentile readers, who were not familiar with Jewish customs Mark explains in verses three and four gives pictures parabolically an explanation. Before eating the Jews washed their hands diligently (or, to life-like, Revised Version). This was not because the hands were actually unclean, but because they were ceremonially unclean. When they came from the market place, where they would come in contact with people whom they regarded as ceremonially unclean, they bathed before eating. They kept also, all the regulations as to the washing of cups and pots and brazen vessels.

The Jews "held the tradition of the elders" as Charles R. Erdman recalls the story of an imprisoned rabbi who was allowed the most meager food when he refused to follow the daily ration, and who used the water for bathing his hands instead of washing them. He had rather die than die this transgression the institutions of his ancestors.

"Sanctified" is easily awakened in the defense of Tradition. In the Church of Rome the ecclesiastical regulations, e.g., the Fast and the original requirements of the Gospel. The Roman Church, accepting the principle of Tradition, has made the decrees of men into doctrines to such a degree that the New Testament is rightly regarded as a danger to the faith. A passage like the one before us is subversive of Roman teaching."—R. F. Horton.

Rushing Work on H.B. Road

Good Progress Has Been Made During the Winter Months

Work has been prosecuted all winter on the railway now under construction from the Hudson Bay Railway to the Pine Point mining area in Northern Manitoba, and railways have been laid for a distance of thirty-five miles. It is stated that the survey of this line will be continued to Cold Lake, a distance of twenty-five miles beyond the Pine Point mine, with the intention of extending the road to that point. The line to Pin Point is to be completed for operation by December 31. Work on the Hudson Bay Railway from Limestone Rapids to Fort Churchill has also been carried on during the winter, and good progress has been made in clearing the right-of-way and getting things in shape for an early start by the graders. Work on the harbor at Fort Churchill has also been going on all winter, so that there will be permanent docking accommodation for ships by the time the railway has been completed.

Standard Of Safety High

Comparison Between First Railroads and Modern Airplanes Is Interesting

Considering the short history of aviation, the standard of safety today is very high. Two reports from England, one this year, the other eighty-five years ago, offer an interesting comparison of the safety of railroads at the beginning of their development as compared with the airplane. According to a recent announcement Imperial Airways, Ltd., carried 32,000 passengers over 2,000 miles in 1927 without injury to a single passenger.

On June 14, 1842, the London Times stated: "The number of passengers carried on the eight railway lines numbered 18,508. The distance 3,562,338 miles yearly. In this time only fifty-six passengers were injured, of whom twenty-two were killed."

Mea Was General

Pat Murphy was taking his first flight in a biplane. The pilot was taking him over New York City. When they were about three thousand feet the plane suddenly went into a nose dive. "Ha, ha!" laughed the pilot, shouting to Pat. "Fifty per cent. of the people down there thought we were falling." "Sure," admitted Pat, "and fifty per cent. of the people up here thought so, too."

The province of Alberta now has a main highway system extending over 2,500 miles and a secondary road system of 11,000 miles, a large percentage of which is standard grade roads.

Active Botanist
Miss E. Silver Dowling, B.A., M.Sc., a lecturer in botany, University of Alberta, Edmonton, is the winner of the \$1,200 scholarship offered by the Dominion Federation of University Women.

Annually the federation arranges to present a scholarship to the woman applicant whose accomplishments and abilities indicate that she would make the best possible use of the scholarship that enables her to continue her post-graduate studies for a year.

Miss Dowling received her high school education at Calgary, later going to Edmonton, where she attended university. She has been a member of the teaching staff of the University of Alberta for four years, and is regarded by many as one of the most active of the younger Canadian botanists. She has published a substantial number of articles on botanical subjects and in the last six years has carried on observation work in Alberta and the Yukon.

From the National Research Council Miss Dowling was given a grant this year to aid in the study of pine trees and vegetation in sandhill areas. The Royal Society, London, supplemented the grant. Her discoveries along this line are being put into form for publication.

To carry on her botanical studies at University College, London, is Miss Dowling's desire, and to prepare her thesis for a Ph.D. degree.

The demand for good advice is not equal to the supply.

The BABY

No mother in this enlightened age would give her baby something else but Castoria. It is perfectly harmless, especially when a few drops of plain Castoria will right a baby's stomach and almost any little ill. Puffiness and fever, too; it seems no time until everything is serene.

That's the beauty of Castoria; its gentle influence seems just what is needed. It does all that castor oil might accomplish, without shock to the system. Without the evil taste. It's delicious! Being purely vegetable, you can give it as often as there's a sign of colic; constipation; diarrhea; or need to aid sound, natural sleep.

Just one warning: it is genuine Fletcher's Castoria that physicians recommend. Other preparations may be just as good, but they are not Fletcher's. Be sure you get the book and read and feeding of babies that comes with Fletcher's Castoria is worth its weight in gold.

Children Cry for

Fletcher's CASTORIA

Headaches may be swiftly and safely relieved by an Aspirin tablet. A most efficient remedy, and there's no after effect; its use avoids much needless suffering. Try it next time; see how soon its soothing influence is felt. Just as helpful when you have a cold; neuralgia, neuritis, rheumatism, lumbago. Just be certain you get real Aspirin—the genuine Bayer Aspirin in the box, and on every tablet. All druggists, with proven directions.

Physicians prescribe Aspirin; it does NOT affect the heart

Aspirin is the trade mark (registered in Canada) indicating Bayer Manufacture. While it is well known that Aspirin is a Bayer manufacture, many of the public are ignorant of the fact that the Tablets will be stamped with their "Bayer Cross" trademark.

CHAPTER XX.—(Continued.)

The nausea that came over Helmi made her uneasy, but she caught the back of a chair and managed to say, "Oh! it is all right; Jack left me lots of money; I really do not need it. I just thought it had better take it with me." She was holding her lips very tightly so they would not tremble. She even smiled, winking very quickly to "keep the tears back." "I expect to meet Jack in the city," she resumed. "He has forgotten to mention to me that he sent for the money—but it is quite all right. I have plenty. Goodbye, Mr. Hamilton. It looks like snow, does it not?"

Helmi turned away quickly. The thimble came off her back. "Say, Helmi!" he began awkwardly. "Don't think I am butting in or the like of that, but I just wanted to tell you wise. That old bird of a magistrate at Bannerman has been shootin' off his mouth. It seems he claims he knows a lot about you. He says—'Oh, well, I don't need to repeat what he says—he is drunk most of the time, and nobody should mind a word he says; but he declares you and Jack ain't legally married at all, and he fustimates that Jack sort o' tipped him off. Oh, I don't know the ins and outs of it, but I just wanted to warn you to hang onto your certificate, and then in case of a frame-up you have the deed on them all. You have the certificate, have you not?"

CARRIED WIFE TO BED

Suffered So She Could Not Walk. Restored to Health by Lydia E. Pinkham's Vegetable Compound

Mining, Ontario.—"I am a practical nurse and I remember Lydia E. Pinkham's Vegetable Compound to suffering women. For three months I was almost helpless and could not sit at the table long enough to drink a cup of tea. Many a time my husband carried me to bed. I would be so weak. Then he read in the paper of a woman suffering as I did, and got better after taking the Vegetable Compound, so he went and got it for me. When I had taken three bottles I was just like a new woman and have had splendid health ever since. When I feel any bearing-down pains, I always take it; sometimes a half bottle or whatever I need. It is my only medicine and I have told many a one about it. Any one wanting to know more about Lydia E. Pinkham's Vegetable Compound, write to her. I do all I can to recommend her for I feel I owe my life and strength to it."—Mrs. Mabel Bowser, R. R. 1, Mining, Ontario. Do you feel broken-down, nervous, and weak sometimes? Do you have this horrid feeling of fear which comes to women when they are not well? Lydia E. Pinkham's Vegetable Compound is excellent to take at such a time. It always helps, and it takes regularly and consistently will relieve this condition.

W. N. U. 1724

mi, knowing what was in her heart, and the hopelessness of the quest, endeavored to keep her, but she knew she was hating her for holding her back from her only chance. At last, with her heart sore for the dog's trouble, as well as her own, she tied a thick piece of bacon to her collar, knowing she would break the string with her paws when she wanted to, then opened the door and let her go. She ran straight to the station, whimpering excitedly. From there she ran yelping down the track with her nose to the ties.

Helmi watched the poor animal until a band of the road hid her from sight. Then she turned back into the darkened room sobbing. "Poor dog! poor dog!—just like me, forsaken. Men who go away should shoot all of us who love them!"

Helmi hired a horse and buggy the next day and drove down the valley to Bannerman. She would know all there was to be known. She would find out what the magistrate meant. It was a glorious day of blue sky, with a high wind that came booming through the pass in the mountains, roughening the deep pools of the river as it raged over them. Helmi loved its cool breath on her hot face. She could not be cast down on such a day. Her Jack had not fooled her—no matter what any one thought. Helmi told herself again and again that her great fear was that something had happened to him—her dear Jack, so white-skinned, clean and gentle.

Anyway, she would be brave. Next day was train day, too, and he might come. Twice a week the train came down to Eagle Mines from the main line. Helmi had so often watched it coming in, her heart in her mouth, that she had grown to dread train days, for during the last few months at the first ragged whistle that came wearily piercing the valley a violent nausea had seized her. As she now drew near her destination it came again. She thought of the Wymouths and their awful philosophy. Was all this part of her punishment? Was it all wrong? Had she done wrong? But still, everyone who was in the world had come the same way. Surely God wanted people, and yet, why did he punish women so she sat, a while, letting the horse feed along the side of the trail.

The magistrate was at home. No, he did not remember her. Helmi's landlord, a Finn girl, whom he had married Jack Doran last March? No, he did not remember. He and his friend, Major Gownett, looked at each other. The magistrate winked knowingly. "I think you are mistaken, girl," he said sternly.

Helmi handed him her certificate. "You gave me this paper," she said. "The magistrate addressed his friend. 'There's only one way to settle this, I'll look up the record. If I married her to this young man the record will show. A certificate tells nothing. Anyone can buy a certificate and fill it in.'"

He went to a dusty cupboard, whose open door revealed only a row of bottles, brown, with gold labels, gleaming evenly through the gloom of the room. With difficulty he found his record book and spread it before him on the littered table.

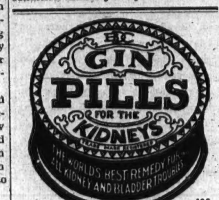

"You said March of this year?" "March the twenty-first," said Helmi, breathing quickly.

The pages were turned slowly. "I married no one on March the twenty-first," he said, looking around at her over his glasses.

"Look at other dates, then," said Helmi, trembling. "It may be wrong." The two military men regarded her closely. "You are wrong more ways than one," said the magistrate, slowly. "Look—see for yourself—there is no entry of any marriage."

A sudden cry came over Helmi. "You were drunk that day?" he cried. "You were red-eyed and staggering! You forgot to write it down. You sent me out. You spoke to my Jack here while I sat outside. You mind I said 'Come outside to marry us.' You were cross and angry."

Major Gownett interposed. "Hush, girl," he said, "you must remember Col. Blackwood is a magistrate. Your condition makes you hysterical. We're

The quickest and most effective relief from Lame Back and all Kidney and Bladder Troubles is Gin Pills. They promote health by restoring the kidneys to the normal action of filtering the poisons from the blood. See a box at your druggist's.

No high-grade tea can be expected to retain its full flavor and strength unless packed in moisture-proof, metal-lined containers. Successful tea planters in the tea in aluminum—the same rust, dust and damp-proof material which keeps Red Rose Tea always so fresh, strong and flavorful.

sorry for you, but you must not speak like this."

Col. Blackwood said not a word. He went again to the cupboard, and after fumbling among the papers there brought back a newspaper slightly yellowed. "I'll show you something, you heliot," he said, slowly, taking his pipe from his mouth and laying it carefully on the windowsill.

(To Be Continued.)

Flin Flon Development

Expectation That Mine Will Be a Steady Producer By Fall Of 1930

Steady production of copper, zinc and gold at the Flin Flon mine may be expected by the fall of 1930, if all plans work out as expected, according to R. E. Phelan, vice-president in charge of operations of Flin Flon Mines, Ltd. By that date he estimates that \$10,000,000 will have been spent on the mining plant and smelter alone.

The capacity of the mill and concentrator will be 3,000 tons daily, and the smelter will be large enough to handle the product of this plant, Mr. Phelan said. This will mean steady employment for 1,000 to 1,200 men. The town which will spring up round the mill will have about 6,000 inhabitants, he estimated.

While the final decision regarding the location of the town site has not been made, Mr. Phelan was able to say definitely that it would be in Manitoba. The mine itself straddles the Saskatchewan-Manitoba boundary.

By the end of the winter of 1928, Mr. Phelan said, it was expected the railroad would be put in such shape that cement and structural steel could be run by rail right to the mine, while by the end of the summer of 1929, he predicted that a permanent roadbed would be laid down and all year round railway transportation possible to and from Flin Flon and the Pas. In that year, he said, the heavy plant and machinery would be shipped in, and the final construction and installation of the plant and smelter would be made.

Another Medical Triumph

Toronto Doctor's New Treatment For Pyorrhea May Effect Cure

Announcement is made that, after a long period of study and experiment, a Toronto doctor, working in the research department of the Western hospital, has developed a new treatment for pyorrhea, with a fair prospect of having discovered the cause for that disease. The successful physician is Dr. L. E. Harrington. He has hoped by his discovery prove well founded, his achievement will be hardly less important than the insulin treatment for diabetes, developed by Dr. Banting.

Pyorrhea is a very common disease. It is said to affect 90 per cent. of all adults at some time in their lives, and that 50 per cent. of all teeth that fall out are lost through its mauling action. Not only is it a distressing affliction in itself, but it is the cause of many other disorders, for pus discharged from the diseased gums is absorbed into the blood stream and is an active cause of rheumatism in different forms, neuritis, ulcer of the stomach, and gall-bladder disease. Therefore a cure for pyorrhea may operate also as a cure for a long train of physical afflictions.

The men who bestow such honors upon suffering humanity are among the greatest benefactors of the race.

A Blessing In Disguise

Accident To Canadian Aviators May Focus Attention On Requirement In Hudson Straits

The accident which befell the Canadian aviators, Lewis and Terry of the Hudson Straits air patrol, was a blessing in disguise if it served to focus public attention on the work of our Canadian Government in the Arctic and the efforts being made to open a new outlet to Europe, in the opinion of Captain J. E. Bernier, veteran government Arctic navigator.

The experiences of the airmen illustrated the necessity of a radio direction finder on the Button Islands and the reliability of the Eskimo for guidance, Captain Bernier said.

Two American towns are named after Rudyard Kipling.

Minard's Lament—Invaluable in the Stable.

Russia's "Man Of Steel"

Man Who Captured Leadership Has Become All-Powerful

Joseph Stalin, the Russian "Man of Steel" who is holding fast to his empire in his hands today was born in the year 1879, and his real name is said to be Dzhughashvili or Dzhughashvili. Probably he changed it because he preferred one easier to pronounce.

He comes from fighting stock, says an article in the London Daily Mail by Dr. Edward Luff, an eminent chronicler of Russian affairs, who has known Stalin since his boyhood days. Today he is all-powerful, not only because the Army and the Cheka are at his command, but because at the first sign of anti-Stalinism he puts in motion the party machine, which declares every opponent of Stalin an enemy of the party and of the Soviet State. As for his personal safety of late he has imported a whole regiment composed chiefly of Caucasian brigades. And it may be added that the Georgian brigades will fight to the death for the safety of a descendant of one of their comrades who has managed to conquer Russia.

U.S. Investment Abroad

World's Debt To the United States Reaches Huge Total

The world's debt to United States investors, approximately \$25,000,000,000, is more than \$5,000,000,000 greater than was owed to Great Britain, when British foreign investments were at their peak. Dr. Max Winkler said in a report prepared for the Foreign Policy Association.

Exclusive of the so-called political obligations held by the United States Government, American investment in foreign securities in the first of the year aggregated about \$14,500,000,000. American holdings in Europe, approximately \$4,327,000,000, exceeded those in any part of the world. Canadian holdings by Americans are about \$3,922,000,000; South American, \$245,500,000; Central American, \$2,624,000,000; Far Eastern, \$275,500,000, and miscellaneous, \$68,400,000.

MARCH WEATHER

DANGEROUS TO BABY

Our Canadian March weather—one day bright, hot, sunny, the next blizzard and cold—is extremely hard on children. Conditions make it necessary for mothers to keep the little ones indoors. They are often confined to overheated, badly ventilated rooms and catch colds which rack the whole system. To guard against these colds and to keep the baby well all the better, mothers should have along a box of Baby's Own Tablets should be kept in the house and an occasional dose given the baby to keep his stomach and bowels working regularly. The Tablets are a mild but thorough laxative which never fail to regulate the stomach and bowels and thus they relieve colds and simple fevers and keep the baby fit. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

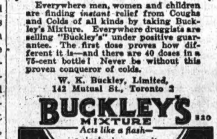

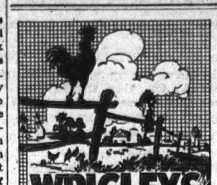

Gold Discovery In B.C.

During development operations on the Valhalla-Kleanzer mineral claim near Uak, Central British Columbia, high grade quartz showing much free gold has been disclosed in two parallel tunnels about 30 feet apart. The veins are from two to four feet wide.

A fore-and-aft rigged vessel, originally of two masts, but later with as many as seven, is called a schooner.

CAN WE WITHSTAND UNITED STATES INFLUENCE?

The influence of the United States moving picture on the historic sense and national patriotism of Canadian children was deplored by Dr. Stephen Leacock, professor of political economy at McGill university, an internationally famous humorist-author, in a recent address in Westmount, Que. Dr. Leacock observed:

"The effect is deplorable. If our children are allowed to go to the pictures, and if the effect is not counteracted elsewhere, they will grow up to think of the United States as the land of heroes—the only place where brave men are found and brave deeds are done.

"The great war appears, as it has in three different pictures recently shown, as the great American war. It was occasioned by a quarrel between Woodrow Wilson and a lot of nations living in Europe. Woodrow Wilson, whose only aim was to do good to everybody everywhere, found his efforts thwarted by a crowd of people in Europe. At last he declared war, invoking the blessing of God, of Abraham Lincoln, the southern confederacy and the middle west.

"A vast American army invaded Europe. They first occupied France, where the French people supplied a comic element by selling cigarettes, waving flags and by talking French,

a ridiculous language, forming a job in itself. Rushing through the woods, trenches, flames and trees, the Americans drove in front of them the Europeans.

"Exacting nothing in return, they went back to the middle west, where they were met on the porch by their mother, the spirit of American democracy and the inserted shade of Lincoln.

"The pity of it is that even in the commercial sense we have better material than they have. Our history, as told by a Francis Parkman, is up to the level of even the great American epic of the civil war, and makes the history of the middle west look as flat as mud. So far we have only shown it in stilted pageants and historic scenes. That sort of thing does not go with the crowd; it is only for the cultivated few—mostly so cultivated that they won't pay to see anything, anyway. What we need is a story—using our history as a background—a story with a hero and a heroine, with the personal element, and, bursting through it, scenes of Indian war, and the battles of the Plains of Abraham, and the wonderful unused epic of our national history. That is the kind of thing that our children ought to be seeing. If some picture director will step up from New York and arrange it for us we ought to make him a baronet, and a senator, and an L.L.D., and bury him, as soon as he likes, in Westminster Abbey. But, until then, let us nail up the doors of the picture houses as far as the children are concerned.

"I am not saying anything against the American pictures for Americans. In spite of faults and exaggerations, they are filled with patriotic nationalism, which is the best thing thus far obtainable for holding human beings together."—Ex.

Miss Emma Kidd returned Monday morning from a business visit to Lethbridge.

BLAIRMORE UNITED CHURCH

Rev. J. W. Smith, Pastor.

Serve the church that the church may serve you.

Services for Sunday, March 18th, the Pastor in charge:

MORNING SCHOOL at 11 o'clock. The final lesson on the "Romance of the English Bible" will be given to the Young People's Class on Sunday next. Views of the Ancient Papyrus Manuscripts and the Art of the Medieval Documents will be shown. Visitors are always welcome.

AFTERNOON SCHOOL at 2. We shall begin a pre-Easter study of the Life of Jesus, illustrated by the Great Art Treasures.

EVENING WORSHIP at 7.15. It is not our intention to continue the Song Service during the summer months. Be sure you do not miss the cheering inspiration of these Song Services while they last. The second message in the series of sermons on "The Cross" will be delivered by the Pastor, entitled "The Cross in Human Life."

Of course, you are welcome.

ANNOUNCEMENTS—Next week the Presbytery meets in Lethbridge and the Pastor will be absent for several days. Announcements will be made from the pulpit on Sunday night for the mid-week meetings.

THURSDAY, at 8 p.m.—Prof. A. E. Ottewill, of the University of Alberta Extension, will give a lecture on Wolfe and Montcalm, illustrated by a moving picture of the "Siege of Quebec," in the Church. There will also be a comic film. Everyone 25c. The Ladies' Aid annual bazaar will be held on April 6th.

A dance will be held in the Odd-fellows' hall at Cowley tonight, under the auspices of the Cowley Women's Institute, the proceeds to go towards the St. Vincent's hospital, Pincher Creek.

COMPLAINING

In my daily rounds I come in contact with so many persons who are always complaining of how unlucky they are, never had a chance, etc.—that when I hear talk of this manner, I wish I could introduce to the world at large a little lady friend of mine, who, however, dislikes publicity so much that I shall not even mention her name.

This young lady has no arms; she does everything with the aid of her toes: eats, writes, sews (think that one over!) and many other wonderful things too numerous to mention. This lady has a charming personality, and it has always been an inspiration to me to think of all she has accomplished.

That you may appreciate her accomplishments, when you go home tonight, place a knife on the floor, and then try to pick it up with your toes. After that, if you are the complaining sort, you will probably appreciate how good it is to be alive, with all limbs intact, and you will be happy to get out and do something. Take a chance! We have to get off of first base before we can get to second.

CANADA'S BASS BRINGS \$83 EACH

Ottawa, March 8.—According to a statement issued by the Canadian Forestry Association, the amount of money spent by American fishermen visiting Canada last year works out to be \$83 for every black bass caught by them. The highest known price for a Canadian game fish was \$1760, representing the amount spent by an American and his family in several weeks' sojourn, during which "Dad" fished just one day and caught one three-pound trout.

The Canadian Forestry Association points out that while the "Tenderfoot" fishermen, whether Canadian or foreign, is often a fire menace to the forest which guards his fish and game supply. The amount of educational work on both sides of the border is rapidly limiting careless conduct in the woods. The training of boy scouts, girl guides and other juvenile organizations is having a splendid effect on forest fire protection. For many years the association has been looking for a case of forest fires attributable to boy scout campers and thus far none has been reported.

James Stone, for upwards of ten years representing the wholesale grocery and tobacco department of the Hudson Bay Company in this territory, has resigned that position to take up insurance drumming. He is succeeded by Mr. Heislitz, of Calgary.

A very pleasant party took place on March the 3rd at the residence of Mr. James Price, Hillcrest, the occasion being to celebrate the birthdays of Mr. Price and Mr. Ed. Royle, old pals for many years. The party included about thirty friends. After a sumptuous feast, washed down by pure mountain water, a real old time was held. Singing, dancing, games—even down to catching the rooster that has never been caught. The most interesting events of the evening were the doll dance and the Black Bottom dance by Old Lady Price, which made the younger element feel very envious.

A large audience greeted the Rev. H. J. Bevan at the United church on Sunday evening last. Mr. Bevan is slightly senior to the other United church pastors in this district and at his suggestion an exchange of pulpits is being undertaken, to give the congregation of St. Paul's, Coleman, an opportunity of hearing Revs. Wright, of Bellevue; Taylor, of Hillcrest, and Smith, of Blairmore, and those outlying congregations an opportunity of hearing Rev. Bevan before spring is really with us. Rev. Bevan, on Sunday night, delivered an able discourse, taking as his subject: "The Things That Crucify Jesus."—Rev. J. W. Smith took charge of the service at St. Paul's.

As I take notice of the few clothes worn, facial expressions and the un-behavioral eyes; then listen to the chattering talk of the lady that is relating her various experiences in being insulted by brute men, I am more convinced than ever that advertising brings results.—Ex.

Mrs. McCrea, and Miss Margaret have arranged to leave on March 20th for Spokane, where Miss McCrea will enter the Sacred Heart hospital for training. Mrs. McCrea will stay in Lethbridge. They were guests last week of friends in Macleod and in Lethbridge.—Pincher Creek Echo.

A SENSATION AT THE SPRING SALON

PRESENTING completely new styling and engineering pronounced by automotive critics to be two years ahead, the new Oldsmobile was the sensation of this spring's Motor Shows.

Engineers, manufacturers, body-makers, salesman and the public, in one breath hailed this new Oldsmobile as the outstanding achievement in all the great exhibitions of motor cars.

And now all Canada is agog with the news of its brilliant performance.

ance. All motordom is ringing with wholehearted praise. At the Special Spring Salon this week, the public has enthusiastically taken up the chorus.

Just as it stood out at the Motor Shows . . . just as its fine car qualities at low price are destined to dominate automobile shows everywhere . . . the new Oldsmobile has become the talk of the town.

See the Fine Car of Low Price! Let us arrange a personal demonstration for you!

The entire Welsh population of Glamorgan, together with their countrymen from Coleman, Cowley, Bellemead and the Pass towns generally, migrated to Hillcrest on St. David's Day, March 1, when a Welsh re-union was held on the day of the patron saint of the principality. In the morning an early evening banquet was held, under the slogan "Cymru am Byth" (Wales for ever), at which a large part of the conversation was carried on in the musical language of Cambric's rugged hills and valleys; the strongest guests made it one of the chief objects of the evening to sing the old Welsh songs, and the fervent patriotism shown by those in attendance proved that the Welsh have forgotten neither their ancient unity with the Sassenach, nor among the most loyal and unswerving citizens of the British Empire.—*Ferne's Free Press.*

GIVES NO CREDIT TO GOVERNMENT FOR C.N. SUCCESS

Ottawa.—Hon. Hugh Guthrie, House leader of the Conservative opposition last session, charged the finance minister and the minister of railways with endeavoring to appropriate to themselves credit due to Sir Henry Thornton. They were endeavoring to bask in the reflected glory of the president of the Canadian National, Mr. Guthrie declared. He thought Sir Henry and the board of management of the Canadian National should be congratulated upon the "splendid showing" they had made during the past year. Net earnings of the Canadian National had increased by \$125,000,000, in four years—\$125,000,000 which formerly had to be withdrawn from the treasury of the Dominion. "The government," Mr. Guthrie pursued, "was not entitled to a particle of credit, Sir Henry Thornton and the board were entitled to the full credit for the result obtained."

Also speaking on the budget, W. T. Lucas (L.P.A., Camrose), described results of the 1926 census in western Canada as startling. "The prairie provinces had lost the whole of their natural increase in population as well as 38 per cent. of the net immigration since 1921. The people of ten million dollars spent annually on immigration by federal and provincial authorities and the railways."

F. S. Cahill (Liberal, Pontiac), described the speech of Mr. Guthrie as one of the finest eulogies of the Liberal party that had been delivered. He declared that the system of book-keeping whereby Canadian National obligations to the public upon which interest is being paid are not added to the net debt, was instituted by the Conservatives. He believed that it was a proper system, and consequently it had been adopted by the Liberal Government.

Mr. Cahill believed that if a referendum was taken in Canada on the best fiscal policy, that 70 per cent. of the people would favor reduced tariffs or free trade. Legislation he declared must not be designed so as to favor any special class.

Weekly Newspaper Men Meet

Hon. Chas. Dunning Speaks At Banquet In Connection With Directors' Meeting At Ottawa

Ottawa.—The annual meeting of the directors of the Canadian Weekly Newspapers' Association was held in the Chateau Laurier with a full representation of the provinces. Business of urgent importance was under consideration. A banquet was tendered by S. N. Wynn, Yorkton, Sask., president, at which Hon. C. A. Dunning and Geo. McCrech were invited guests. The address given by the minister of railways was greeted with enthusiasm and the member for Yorkton spoke also of the great power of the press in the moulding of public opinion. Those present from Saskatchewan included: D. C. Dunbar, of the Estevan Mercury, and S. J. Dorman, of The Alameda Despatch, the latter during an address at the business sessions stressed the necessity of greater co-operation and tendered a hearty invitation to the association to meet in Regina, the convention city, in June.

Woman Liberal Elected In Britain

Mr. Walter Runciman Successful Candidate In St. Ives

Penzance, Eng.—The first woman Liberal in the present British Parliament and the first husband and wife combination in the House of Commons have resulted from the recent by-election in Saint Ives.

Mr. Walter Runciman, wife of the Liberal member for Swanssea West, not only became the first woman Liberal in the present House, but succeeded in capturing the St. Ives constituency from the Conservatives.

The district formerly was a Liberal stronghold, but returned a Conservative at the last general election in 1924.

Mr. Runciman, who is a prominent figure in the Liberal party, actively supported his wife's candidacy.

Pioneer Missionary Dead

Winnipeg.—Rev. Dr. John McLean, historian and pioneer missionary of Western Canada, died here following an attack of influenza. Dr. McLean, who was in his 77th year, since coming to Canada more than 50 years ago had been prominently connected with the activities of the Methodist Church in the Dominion.

Saskatchewan House

Prorogues

Thirty Bills Were Put Through In Final Session
Regina.—With traditional dignity and solemnity His Honor Lieutenant-Governor Newlands prorogued the third session of the sixth Saskatchewan Legislative Assembly. Since January 24, thirty three sittings were held during the session, including 11 night sittings, four morning sittings and a Saturday sitting.

The closing ceremony came after a long busy day during which more than 30 bills were put through the closing stages and passed. One of the last items of business transacted by the House was the passing of supplementary estimates totalling \$1,118,518 to cover expenditures already incurred. These were put through with little interruption, except a question now and again as to how the money was spent. An item of \$11,500 was required for the Power Commission's work. The main items included \$55,208 for the Treasury including a grant of \$10,000 to the Canadian National Institute for the Blind, and \$23,198 for Freight Rates Inquiry; \$500,000 for the Farm Loans Board; \$183,000 for the Educational Department; \$52,220 for the public health department. Votes totalling \$24,300 were included in additional estimates to bring the indemnities for members of the legislature up to \$2,000 a year from \$1,500; to provide \$5,000 for leaders of the Opposition and to give the Premier an increase of salary from \$6,000 to \$7,200 a year. These increases were discussed a day or two ago when it was pointed out that Saskatchewan members were the lowest paid in any legislature west of the Maritime Provinces, and Howard McConnell, the member for Saskatoon, declared Premier Gardner, while the hardest worker in the province, was poorly paid when there was no reason for the province to be too miserly.

Also speaking on the budget, W. T. Lucas (L.P.A., Camrose), described results of the 1926 census in western Canada as startling. "The prairie provinces had lost the whole of their natural increase in population as well as 38 per cent. of the net immigration since 1921. The people of ten million dollars spent annually on immigration by federal and provincial authorities and the railways."

F. S. Cahill (Liberal, Pontiac), described the speech of Mr. Guthrie as one of the finest eulogies of the Liberal party that had been delivered. He declared that the system of book-keeping whereby Canadian National obligations to the public upon which interest is being paid are not added to the net debt, was instituted by the Conservatives. He believed that it was a proper system, and consequently it had been adopted by the Liberal Government.

Infant Princess Dies

Six Months' Old Daughter Of Emperor Of Japan Succumbs

Tokio, Japan.—The six months old daughter of Emperor Hirohito of Japan, died here today of complications following pneumonia, was assigned as the cause of the death of the Imperial baby, who had been critically ill for several days.

The child was originally attacked by influenza, from which the emperor himself also suffered, together with thousands of Japanese people. It was announced that the emperor was convalescent.

At the bedside of little Princess Hiroko the empress and other members of the royal family. There will be no official mourning as the child was under seven years of age and no public mourning. Interment will be under Shinto rites at Asakusa, near Tokio, where the late Emperor Taisho is buried.

New Discovery At Flin Flon

Another Ore Body Located Said To Be Important

Toronto.—Reports from Flin Flon Mines are that a new ore body has been located south of the old body. It is stated that the new find is one of considerable importance.

Development work is being pushed forward energetically. On the 400-foot level a crosscut 240 feet in width has been driven for a length of approximately 300 feet. The average value obtained has been 2 per cent. copper and some zinc, but some sections are of much higher grade, one of 28 feet width running between 5 and 6 per cent. copper.

The work of preparing a new townsite is well under way, and sites have been selected for the concentrator and smelter. The present camp buildings will be removed to make room for the new plant.

Sterilize Feeble Minded

Edmonton.—Following one of the stormiest passages that any measure before the Alberta House has been accorded in recent years, the Sexual Sterilization Bill was given third reading and will be put into effect as soon as it has been assented to by the lieutenant-governor. By this action of the legislature, Alberta becomes the first province in the Dominion of Canada to undertake sterilization of the feeble-minded.

Gift For Medical Research

Stockholm.—At the request of the monarch himself, Sweden's birthday gift to King Gustav V. will be devoted to work for suppression of cancer. A national subscription for the fund in honor of the king's 70th birthday, June 16, has been started, and the king has accepted in advance, on the promise that the money be used for medical research.

Boy Inherits Millions

Young Son Of New York Millionaire Inherits Legacy

New York.—A five-year-old boy today had joined the ranks of American millionaires. John Mortimer Coward, 3rd, of Glenridge, N.J., is to receive at least two-thirds of the more than \$4,000,000 estate of his father, J. Mortimer Coward, late head of the Coward Shoe Stores, who died in Havana recently.

Part of the fortune which the five-year-old boy inherits is \$1,000,000 from an insurance company policy his father took out last July. Mr. Coward was 28 years old.

SITUATION IN THE NEAR EAST LOOKS OMINOUS

London.—The stern note which Great Britain presented to Egypt, stating in effect that the British will not grant full independence to that country at present has been coupled with the "holy war" in Arabia to create a situation which may affect British relations throughout the Near East to the borders of India.

Despatches from Egypt assert that the political situation there is fraught with confusion, uncertainty, and excitement. Egypt is without a cabinet, but the Nationalist leader, Nafas Pasha, after an hour's audience with King Fuad, declared that constitutional governments would be formed as long as the constitution exists.

The British note, which apparently dropped like a bombshell in Cairo political circles after the breakdown of negotiations for an Anglo-Egyptian Alliance, makes it clear to the Nile country that Great Britain will not tolerate any legislation that is likely to hinder British power in protecting foreign life and property in Egypt. The note reveals that the British Government has for some time feared that such legislation would be adopted by the Egyptian parliament. But so long as there was prospect of a treaty of alliance, Britain refrained from expressing these fears.

Well informed British observers believe that the home government has said her final word and that the burden of the next move in the imbroglio rests in Egypt. Shorn of diplomatic verbiage, the position is as follows:

Egypt declines to sign any treaty of alliance which does not accord absolute independence to her. She rejects the right of Great Britain to maintain troops in Egypt or to have any control over the Egyptian police.

Britain, on the other hand, firmly intends to keep her troops there, to protect the soldiers are necessary for the protection of the Suez Canal. She also insists on maintaining a measure of control over the Egyptian police and observers explain that this is to prevent any situation arising which might result in some other power taking a hand in Egyptian affairs.

Whether Egypt signs such a treaty or not, Great Britain will stick to these demands, in the opinion of British observers.

Fight Destructive Insects

Ottawa.—The fight against the destructive insects which prey upon Canadian crops was described by Arthur Gibson, Dominion entomologist, to the convention of the Canadian Horticultural Council here. The use of the aeroplane for dusting in an endeavor to rid the crops and soil of certain insects was experimented in last year and proved quite promising.

Australian Rugby Team Here

Nothing but praise for the sportsmanship of Old Country people was expressed by the Waratahs, New South Wales, Australia Rugby Team when they arrived in Canada recently on the Canadian Pacific Steamer Melita. During their nine month tour of Great Britain and France, where they played 83 games with record crowds in attendance, sometimes exceeding fifty thousand, they much appreciated the sportsmanlike behavior of spectators.

E. Gordon Shaw, manager of the team, said: "The British crowds were about the most fair-minded and unpretentious I have ever seen. If a referee ever gave a decision that was perhaps a shade on the doubtful side in our favor, there were never any demonstrations of discontent. I have nothing but unstinted admiration for the whole-hearted sportsmanship of our treatment on the other side."

Daring Aviators Return To Safety

Eight Passengers On London To Paris Flight Were Uninjured

London.—Eight passengers of an aeroplane flying from Paris to London had a remarkable escape when the machine crashed in a field near the Lympne airfield in Kent, Baroness Van Tilt Canch Knapenagh, of the Hague, was cut in the face by glass, but the other passengers were uninjured.

Trouble was experienced when the plane reached the French coast, and its speed was reduced. Near the airfield the left wing suddenly dipped, and the plane spiralled rapidly toward the earth. It crashed and bounced several times after the wing struck the ground. The passengers were jolted all over the place and the baggage tumbled about.

Unconcerned, the pilot, Roger Maury, climbed out of the cockpit, opened the passengers' door, and all scrambled to safety, fearing the machine might catch fire as both engines were wrecked.

Later Pilot Maury explained that a valve spring in one of the engines had apparently broken.

Banking System Discussed

Government Inspector Says Nothing Wrong With Present System

Ottawa.—C. E. S. Tompkins, government inspector general of banks, appeared before the House of Commons committee on banking and commerce and submitted to questions by the members the banking system, as it existed, met the needs of the country, he told the committee. Of course, from time to time changes were necessary but he could not see anything radically wrong with the system.

The views of the Canadian Council of Agriculture with respect to banks and banking were presented by A. E. Darby, director of economic research for the council.

Government Bill Criticized

One Day's Rest In Seven Bill Does Not Please Manitoba Laborites

Winnipeg.—Though it was given second reading the Bracken Government's bill for one day's rest in seven for certain employees was severely criticized by the Labor and Conservative leaders in the legislature.

Under the bill, declared John Queen, Labor leader, the bill only applied to employees already getting one day's rest in seven. Mr. Green described the bill as "a bluff," the work of an unsympathetic administration.

"The bill," said Mr. Queen, "applied to piano and organ factories, though there were none in the province. Why not, on the same principle, apply it to shipbuilding, the building of dreadnaughts and submarines? Let us have a real act, when we are at it."

Pictures Cannot Be Shown

Photos Of Lieut.-Col. Amery's Tour Will Not Be Exhibited

London.—In connection with the recent Empire tour of Lieut.-Col. L. C. M. S. Amery, secretary of state for Dominion Affairs, photographs of various places and interesting incidents were taken by Captain William Brass, M.P., former private parliamentary secretary to the Minister of Health and the Chancellor of the Exchequer, who accompanied Col. Amery on the tour. It was proposed to exhibit the pictures within the precincts of the House of Commons.

Now, however, permission for the exhibition has been refused by the Lord Chamberlain, the Earl of Cromer, with whom the decision on the matter rests.

Escape Death When Airplane Crashes

Eight Passengers On London To Paris Flight Were Uninjured

London.—Eight passengers of an aeroplane flying from Paris to London had a remarkable escape when the machine crashed in a field near the Lympne airfield in Kent, Baroness Van Tilt Canch Knapenagh, of the Hague, was cut in the face by glass, but the other passengers were uninjured.

Trouble was experienced when the plane reached the French coast, and its speed was reduced. Near the airfield the left wing suddenly dipped, and the plane spiralled rapidly toward the earth. It crashed and bounced several times after the wing struck the ground. The passengers were jolted all over the place and the baggage tumbled about.

Unconcerned, the pilot, Roger Maury, climbed out of the cockpit, opened the passengers' door, and all scrambled to safety, fearing the machine might catch fire as both engines were wrecked.

Later Pilot Maury explained that a valve spring in one of the engines had apparently broken.

Banking System Discussed

Government Inspector Says Nothing Wrong With Present System

Ottawa.—C. E. S. Of course, from time to time changes were necessary but he could not see anything radically wrong with the system.

The views of the Canadian Council of Agriculture with respect to banks and banking were presented by A. E. Darby, director of economic research for the council.

REPORT TELLS OF SEARCH MADE FOR AVIATORS

Ottawa.—Beacon's burning on mountain tops and rockets were used to spread the news of the seeming tragedy all over the North land, and officers of the Royal Canadian Air Force did all that was humanly possible to locate Flying Officer Lewis, Flight Sergeant Terry and the Eskimo "Bobby" when they were missing, according to the latest radio reports to reach Ottawa from the Hudson's Bay post at Port Burwell, Ungava.

In a lengthy report of steps taken to find the trio, Squadron Leader T. A. Lawrence, of Ottawa, who has charge of the R.C.A.F. detachments in the north, detailed areas covered by aeroplane and dog team. Every section of Ungava and Ungava Bay within an area of 200 miles were searched. Dog teams with Eskimos were sent out to establish caches of fuel and supplies, and to warn Hudson's Bay posts and Eskimo villages that the airmen were missing.

Bondies were kept going from a high point behind the Port Burwell base at night. Flares and distress signals were fired off until this had to be suspended through shortage of fuel and flares.

Squadron Leader Lawrence tells of the part played by Flight-Lieutenant Brian Carr-Harris, Ottawa, and A. A. Leich, Winnipeg, in the search, and adds, "great credit is due to members of the Royal Canadian Mounted Police, Mr. C. Ford, manager of the Hudson's Bay Company's post at Port Burwell, Capt. W. Bennett, and crew of the C.G.M.M. steamship Canadian Raider and the natives of the whole district for their untiring assistance in search of missing personnel. Personnel have now entirely recovered from their harrowing experience."

In official circles here it is believed the plane which the three men were forced to abandon will be washed up on the shores of Labrador or Newfoundland in due course, or the wreckage picked up at sea. The ice on which it was deserted was being borne southward by the Labrador current, and it would thus probably remain visible on the surface of the ocean for several months at least.

Want Holiday November 11
Ottawa.—In view of the request of the Canadian Legion, it is the intention of the Government to declare November 11 (Armistice Day), a National Holiday? asked H. J. Barber, Conservative, Fraser Valley, in the House of Commons. He was informed that the matter is still under consideration.

EQUAL SUFFRAGE IS PROMISED FOR BRITISH WOMEN

London.—Stanley Baldwin, the first British prime minister to appear before an equal suffrage meeting, promised a vast assembly of women representing 140 organizations that "in a few weeks" Parliament would grant them complete equality with men in voting privileges.

This declaration was received with frenzied cheering by the women, who had met to celebrate the success of their bitter fight extending over nearly 100 years.

"I have selected the home secretary to be the Joshua, who shall lead you into the promised land," said Premier Baldwin, indicating that Sir William Joynson-Hicks would have charge of the franchise bill.

Agreeing with Disraeli, who was one of the early statesmen to favor full rights of citizenship for women, the Prime Minister asserted that there were no grounds in logic, justice or expediency to withhold the franchise from one sex more than the other.

Mr. Baldwin announced that the franchise bill will be introduced in the House of Commons on Monday. It will pass its second reading before Easter, and will be completed at the earliest possible date.

Mine Chief Admits Laxity

Hollinger Disaster Due To Order Not Being Enforced

Timmins, Ont.—Charles Williams, Hollinger's general superintendent, admitted to the Royal Commission inquiring into the Hollinger disaster, that there was a "very bad slip up" from himself down to the transportation men, when his orders about the disposal of powder house rubbish had been disregarded.

Instead of putting the rubbish in the waste pass or else mixed with rocks in the stopes, it had been put in the stopes without any rocks, and as a result had started the fire which snuffed out the lives of 39 miners.

Williams could not say who was responsible. Williams said he knew of no one who could give further information when it was suggested the commission inquire as to if it might conduct an inquiry there.

Reward For Eskimo

Suggestion Made In Parliament That Recognition Be Given "Bobby"

Ottawa.—"I would like to ask the Government," Williams is willing to give consideration to the matter of reward in some form or other the Eskimo "Bobby," whose knowledge and skill were largely responsible for saving the lives of Flight-Lieut. Lewis and Sergeant Terry off the Labrador coast," asked John Miller, Liberal-Progressive, Qu'Appelle, in the House.

Hon. J. L. Ralston, minister of national defence, replied that the full report of the activities of all individuals in the rescue of the two airmen had not been received by the department. As soon as the full report was received the whole matter of reward would be given consideration.

Championship Wolf Hunt

Toronto.—A championship wolf hunt, with \$10,000 in prize money, as a means of eliminating the animals which yearly take a heavy toll of livestock in the north country, was advocated by T. Legault, Liberal, in the Ontario Legislature. The prize money, he suggested, might be divided into some 25 prizes ranging from \$5,000 down.

Few Canadians Go To U.S.

Toronto.—Indications that the number of Canadians leaving Ontario for the United States considerably decreased in 1927 compared with the previous year are given in the report of the registrar-general, which has been presented to the legislature. A drop of 15,000 in the number is shown.

French Legation At Ottawa

Paris.—The finance committee of the Chamber of Deputies has approved an appropriation for the establishment of the French legation at Ottawa. In approving the appropriation, the committee deemed the establishment of diplomatic relations with Canada valuable for both trade and sentimental reasons.

The domestic market absorbs annually \$337,000,000 worth of Canadian agricultural products as against \$600,000,000 worth exported. The value of the per capita consumption of farm products in Canada amounts to \$87.50.

Laughs, thrills and frills in the
sparkling comedy at the Blaimore
opera house Saturday night at 8
o'clock, March 17th.

Through the breaking of a dam,
believed to have been caused by a
slight earthquake, no less than 264
lives have been lost near Los Angeles,
California.

Vimy Chapter No. 52, Order of the
Eastern Star, will hold a St. Patrick's
tea in the Lodge Hall on Saturday,
March 17th, from 3 to 6 p.m., to-
gether with a home-cooking and
apron sale.

The hockey game between the Nan-
ton seniors and Blaimore juniors,
that had been billed for tonight, has
been postponed, owing to the death
of little Edna Oakes, a sister of one
of the local players.

Cannore, Lacombe, Blaimore Cana-
dian Legions, Calgary Jimmies and
the Calgary Tigers, the respective
senior, intermediate, junior, juvenile
and midget champions, are worthy
title holders.—Albertan.

It appears that McGoldrick, who
was retained by the Canadian-Fal-
cons, was too old for junior company.
When the locals got into the playoff
series they were not the same team
without him. A worthy defence play-
er could have been developed to take
McGoldrick's place as a junior and
this would have worked wonders. Both
the seniors and the juniors suffered
because McGoldrick didn't play as a
senior all winter.—Albertan.

Local and General Items

Mr. Kyle, meter inspector, spent
several days in town this week.

Mr. J. A. Smith, high-school in-
spector, is in The Pass this week.

A grand masquerade ball will take
place in the Oddfellows' hall at Belle-
vue tomorrow night.

Mr. Alex. Cameron has returned to
Coleman from an extended holiday
visit to points in Ontario.

Sergt. Greenwood, of the British
Columbia provincial police force, Fer-
nie, was in town on Tuesday night.

We fell in a river the other day,
but we didn't cuss, for we have for-
gotten all our golf language.

A prominent American is described
as wearing his hat on his nose.
Which, perhaps, enables him to talk
through both at once.

J. F. Mahoney, proprietor of the
Cosmopolitan hotel, was a business
visitor to Calgary and Edmonton dur-
ing the week.

A recent issue of the New Glasgow
Free Lance carries underneath two
wedding announcements a notice
thanking their many friends for sym-
pathy shown.

Roddy McDonald appeared before
the magistrate's court at Drumheller
last week, charged with being intox-
icated. He was convicted and fined
\$20 and costs.

The marriage of Mr. A. Ray Bur-
rows, son of Mr. and Mrs. Charles
Burrows, to Miss Isobel Brownley,
both of Brule, was solemnized at
Jasper on March 3rd.

The government of the United
States has decided to foot the entire
bill for damage caused through floods
in the Mississippi district last year,
amounting to \$325,000,000.

Mr. H. W. Snell has resigned his
position as traveller in this district
for the Western Grocers, Lethbridge,
to accept a position with the Scott
Fruit Company, and will have charge
of the Shaunavon territory in Sas-
katchewan.

The town council of Drumheller
asked H. A. Brown, secretary-treasur-
er, to accept a cut in salary, but af-
ter learning of the amount of work
attached to the job they decided that,
if anything, the secretary-treasurer
was being underpaid.

JOHN F. MILLER, Eyesight Spec-
ialist, of 404 Underwood Block, Cal-
gary, will be at Blaimore Pharmacy
in Blaimore on Thursday, March
22nd, for the purpose of correcting
your and your children's eyes. Do
not miss this opportunity.

J. R. Kearney, for a number of
years western manager for one of the
large insurance companies, was in
town from Calgary during the week.
Mr. Kearney leaves in a couple of
weeks to take up residence with his
family in California.

Mr. and Mrs. A. J. McKenzie had
as their guests on Sunday Mr. and
Mrs. Donkin and Miss Mary, of Frank,
and Mr. and Mrs. Charles Murdoch
and family, of Macleod. Mr. and
Mrs. McKenzie, too, motored to Mac-
leod last week.—Pincher Creek Echo.

In answer to the appeal of the Pin-
cher Creek Board of Trade for the
gazetting of the highway from Pin-
cher Station to Waterton Lakes, the
board has been advised by Mr. E. G.
Cook, the district member, that no
highways are to be gazetted this
year, and that the estimates had not
yet been passed.

The whole town is anxiously look-
ing forward to the big concert to be
staged in the opera house on St. Pat-
rick's night (Saturday next) by local
talent, under the auspices of St.
Anne's Catholic church. A remark-
ably fine programme has been ar-
ranged, and copies of same have been
liberally distributed.

Dora says: "Hell hath no fury like
a woman's scorn."

An engagement today merely means
she has no option on him.

Some of them say: "Get thee be-
hind me, Satan," so as to get a good
backing.

The local police treasury was reim-
bursed to the extent of \$20 on Mon-
day morning last.

St. Peter's Catholic church at Milk
River was totally destroyed by fire
on Sunday morning.

Miss Rescue Car No. 1, with Ed.
Royle as superintendent, is at pres-
ent spotted at Hillcrest Mines, after
three weeks stop at Bellevue.

Pincher Creek boys' and girls' bas-
ketball teams will receive a visit
from Bellevue teams tomorrow night
at the Pincher Creek United church
gymnasium.

Four Essex cars were unloaded
here on Tuesday to the order of the
Crows' Nest Pass Motors. These cars
are now being demonstrated and are
quite attractive.

A ninety-year-old Nova Scotian fell
dead after fainting from hunger while
standing in line at a gate awaiting
admission to a factory in Boston to
go to work.

A joint conference of miners' and
operators' representatives is being
held in Calgary today for the purpose
of discussing the wage contracts that
expire March 31st.

We met a little lad wending his
way homeward the other evening with
a bundle of books under his arm. We
asked: "Well, how do you like
school?" The lad replied: "Closed!"

Mrs. R. Gray and Mrs. H. Hales
represented Greenhill Temple, Pythian
Sisters, at the annual convention
in Calgary this week. Missaph Tem-
ple, Hillcrest, was represented by
Mrs. W. Hutchinson.

Mr. William Cameron, for some
years manager of the Royal Bank at
Winnipeg, has been transferred to St.
John's, Newfoundland, to succeed Mr.
F. J. Palfrey, who in turn goes to St.
James Street branch in Montreal.

A census of the town has been un-
dertaken in behalf of the Alberta
hotel, which is desirous of obtaining
a beer license if the population will
permit. Mr. Alex. Morency has been
engaged as enumerator.

The annual session of the Alberta
Grand Lodge, Knights of Pythias, and
the Pythian Assembly took place at
Calgary on Monday and Tuesday of
this week. Mr. and Mrs. Walter
Lord, senior, represented Blaimore.

Mrs. Ed. Royle, Nellie and Willie,
spent the week end at Hillcrest,
guests of Mr. and Mrs. Robert
Creighton, and also took in the teach-
ers' whist drive and dance at the
Union hall. Miss Nellie was winner
of the ladies' consolation prize.

Now we've discovered the best
method to get fish. Out in B.C. the
other day we fished for hours without
results. Finally we slipped and as
we went under all the fish in the pool
came out on the banks and were eas-
ily gathered up. Of course, the wa-
ter was slightly chilly.

Major W. B. Burnett, of Leth-
bridge, left this week for New York
and will sail from thence on the S.S.
France to the continent. Major Burn-
ett will spend several months in Par-
is, the guest of his daughter, Mrs.
Hamilton, and his son, Mr. Thomas
Burnett.

"Hotel Marquis" has been adopted
as the name for the new community
hotel at Lethbridge. Now the public
are faced with a pronunciation prob-
lem, and in the opinion of most peo-
ple the French pronunciation of the
word Marquis would be the most pop-
ular.

Irish song and music, Colleen in

medium and large. \$1.00 each. At
HYSLOP'S, THE LADIES' STORE.

The old-fashioned girl was thought
considerate if she helped her mother
set the dinner. The modern girl is
thought considerate if she comes in
for it on time.

The junior boys' and girls' First
Aid classes are holding an afternoon
Tea in the Lodge Hall on Saturday,
March 24th, from 3 to 6. Your patron-
age will be appreciated.

Raymond Roberts, of Schenectady,
New York, was found guilty of man-
slaughter at Victoria, B.C., in con-
nection with the death last December
of a motor patrol constable, who was
struck by Roberts' car.

For First-Class Work and Quick
Delivery, send your HEMSTITCHING
to Barton's Music & Sewing Machine
Store, Fernie, B.C. [3e-15]

To Car Owners:---

We beg to announce to car owners
that we have placed an order with the
Alberta Battery Co., of Calgary, for
500 "Mid-West" and "A.B.C." batter-
ies, delivery to be taken for all of
them by November 1st next, and as
volume has cut quite a wide swath in
the cost of these batteries and also
our profit being cut down, we are able
to sell the 11-Plate Cell Battery at
\$12.00 and the "A.B.C." 13-Plate Cell
at \$14.00, both in rubber boxes—no
better batteries on the market. We
have these batteries in stock and we
ask you to call at once and look them
over.—Blaimore Vulcanizing & Bat-
tery Station, W. M. Bush, Prop.

**You Wouldn't Take
A Million Dollars**
for the roses in your child's
cheeks! Not if the price was pal-
lor and languor. Yet that ruddy
glow of health is the direct re-
sult of eating

MOTHER'S BREAD
The loaf of big food-value, because
rich in quality ingredients.
Serve it with milk, with pure fruit jelly,
golden honey, or some other good spread.
It's both food and dessert.
